1. In accordance with reference (a), all Naval Supply Systems Command (NAVSUP) contracting offices shall initiate the use of the Past Performance Information Retrieval System - Statistical Reporting (PPIRS-SR). PPIRS-SR is a web based source selection tool that provides contractor quality and delivery data on contracts below the thresholds for Contractor Performance Assessment Reporting System (CPARS) reporting. This source selection tool will replace the Navy's Red/Yellow/Green Program.

2. Also included in reference (a) is a Section M draft notification that can be tailored to address specifics of individual acquisitions. All activities should contact Will Hines at Willard.Hines@navy.mil or 703-614-9639 to coordinate training opportunities. Address any policy matters to Bob Johnson at Robert.F.Johnson@navy.mil or 703-693-2936.

3. The NAVSUP point of contact is Todd Hoover, SUP 213, at 717-605-2469, DSN 430-2469, or via email todd.hoover@navy.mil.
